Haus Villigst Environmental Activities 3

Exploration Instructions

In your materials pack you will find:

- a set of navigation cards
- a satellite picture of Haus Villigst and environs
- a diagram

Before you go out, do the following:

- Elect one or two secretaries who will note down what happens as you navigate your way around
- Decide as a group what instruction each navigation card gives you
- Decide as a group how many paces you will take before you select the next navigation card
- Decide what you understand by the terms, “ the human environment, the built environment, the green environment “ and decide what the diagram says about the relationship between them

Leave the plenary room as a group and decide on the starting point for your environmental exploration

- Turn over the first navigation card, carry out any necessary actions, make any necessary notes and take paces.
- Turn over the next navigation card, carry out any necessary actions, make any necessary notes and take paces.
- Continue until you reach your DEADLINE.

Return to the plenary room

Prepare a poster showing your route and what you did and discovered on your exploration
