Using TED Talks

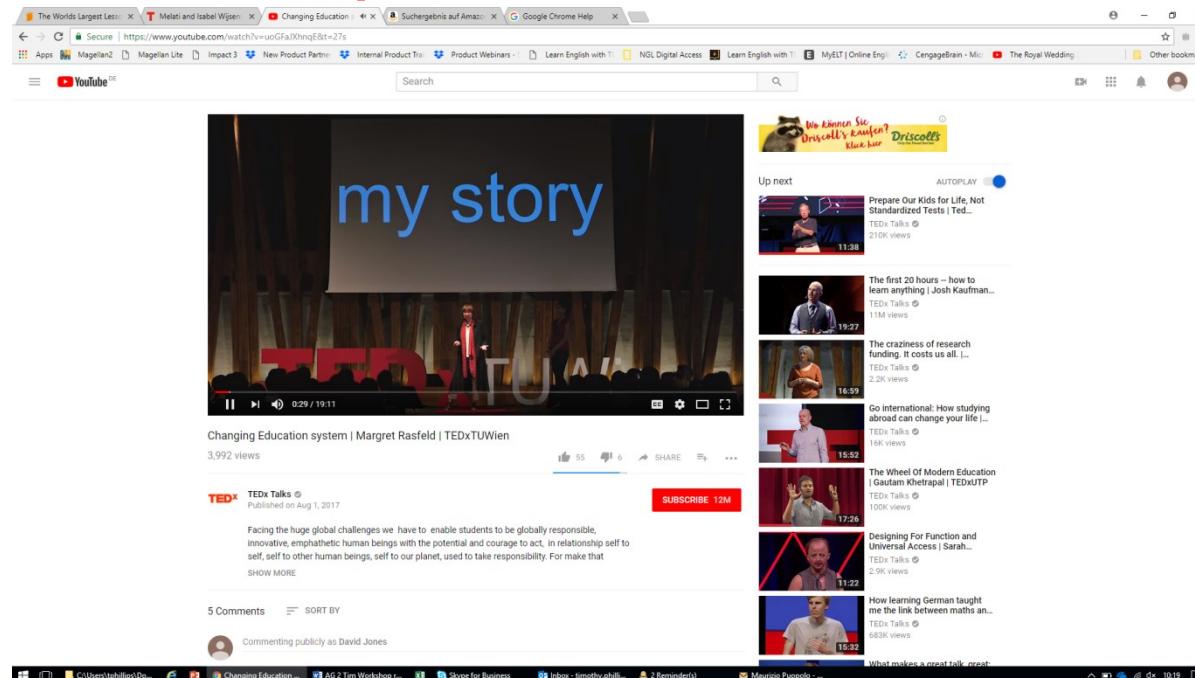

The screenshot shows a TED talk video page. At the top, the URL is https://www.ted.com/talks/melati_and_isabel_wijsen_our_campaign_to_ban_plastic_bags_in_bali. The main video frame shows two young women, Melati and Isabel Wijsen, standing on a stage. They are wearing white t-shirts with a pink circular logo that reads "BYE BYE PLASTIC BAGS". The background is a dark blue curtain with a window-like structure on the left. A play button icon is centered in the video frame. To the right of the video, there is a vertical column of interaction icons: Share, Add to list, Like, and Rate. Below the video, the title "Our campaign to ban plastic bags in Bali" is displayed in large white text. Underneath the title, there is a short description: "Plastic bags are essentially indestructible, yet they're used and thrown away with reckless abandon. Most end up in the ocean, where they pollute the water and harm marine life; the rest are burned in garbage piles, where they release harmful dioxins into the atmosphere. Melati and Isabel Wijsen are on a mission to stop plastic bags from suffocating their beautiful island home of Bali. Their efforts -- including petitions, beach cleanups, even a hunger strike -- have already won over many Bali's top officials, who are now supporting their cause." At the bottom of the page, there are links for "Details", "Transcript", and "Comments (109)". The "Details" link is underlined. The transcript section indicates "30 languages". The comments section says "Join the conversation". On the far right, it shows "1,342,642 views", "TEDGlobal>London | September 2015", and a copyright notice "©Susanne Quandt".
